A STORY OF ONE...CHRIS MUGABE

Growing up was not easy with a single mother who worked so many different jobs just to see that my siblings and I had all we needed. My father had passed away and school fees were beyond what our family could afford. We came to know about the Buyamba ministry and God Cares School through my mother's friend. In 2009, when I was in senior three (S3), I joined God Cares High School. I did well and continued through the advanced high school level (S6) and into a university under a Buyamba educational sponsorship. I am so grateful for the two sponsors I had who made it possible for me to go to school.

BUYAMBA MEANS "HELP"

The call is simple, but the need is vast; there are over 2.5 million orphans in Uganda, due largely to AIDS, and diseases such as malaria, dehydration, respiratory infections, and even simple viruses. One out of six children walking the streets is orphaned by at least one parent.

OUR MISSION is to offer love, hope, and a future through education and discipleship...one child at a time.

OUR VISION is to empower the children of Uganda to impact their nation for Christ.

OUR HISTORY

Our founders, the late Bethuel Dongo and his wife Florence, began a school of help called God Cares School. The very name would remind the students that God is a Father to the fatherless, and He always cares for His children.

Buyamba was formed in 1999 in an effort to help one family birth this "help." What started in the basement of a church, with just a few children, has expanded to include the education of thousands through the years. It began with a handful of generous donors that made a difference and has grown to thousands of sponsors who have impacted many who will change the face of Uganda.

▲▼▲ FROM NURSERY TO UNIVERSITY

From the smallest Kindergarten graduate of God Cares Nursery & Primary School to the High School graduate looking forward to entering a university, our students have one thing in common and that is hope.

Because of the love and care and education, students know that they are not destined to a life of poverty, but instead, they can be a part of a great solution in their country. Their discipleship and walk with God have taught them that they have within their means an ability to rise above their circumstances.

They dream of being future doctors, teachers, businessmen, or pilots. Most of the students will have an education that will far exceed their parents, thus the future is brighter and the doors are open to them. The possibility of this generation changing the nation is sure.

▲▼▲ OUR NEEDS

SPONSORSHIP: the need to educate and disciple over 1,500 students at one time are endless, but God has provided, through generous donors, a sponsorship system to meet the needs of the children...one child at a time.

Each student is paired up with one sponsor for their educational journey. Some sponsors have seen their child all the way from Primary School to High School (Secondary) and through university. The relationship bond between sponsor and child can be impactful. Many of these children have lost one or both of their parents, so one letter from a sponsor can mean so much... and years of sponsorship commitment changes lives.

▲▼▲ BUILDING BUYAMBA

Other donors have generously given to our building fund campaigns that continues to build the two God Cares campuses to house and provide for the complete education of the whole child.

Buyamba currently owns two school campuses, each with a five-story building with the capacity to educate 2,000 students. With many of the children in desperate situations, we have also built the space to provide room and board for those children who need to live at the school. While the high school has one additional building that was originally built as a kitchen, it is now transformed into a girls' dorm. The remaining students are housed on the top floor of each school, with the children lovingly cared for by a matron or guardian during their off-school hours.

We can't fill the school to capacity with the students living outside the school, so our current building focus is to build student dorms.

HOW CAN YOU HELP?

We need YOU, and we know that together we can provide for these children and build whatever is needed for them to thrive in school. God has provided many "helpers" over the years. While one person can make a difference, a few can make an impact, and many joined together can influence a nation. We are inviting you to be a part of God's "helping" force.

- Sponsor a child today for \$35 a month
- Contribute any amount to our Buyamba Building Campaign
- Share Buyamba with your church leaders or your friends

Together, we are making a difference...one child at a time.
